

Bo's Place presents a live webcast viewing event:

Ethically Supporting Youth and Schools After a Community Tragedy

synopsis:

Death, dying, and bereavement are unfortunate themes that appear almost daily in news headlines. Rarely is there any discussion on a national level as to how community tragedy impacts the lives of children and teenagers. This webcast will provide insight into the challenges faced by children and teenagers impacted by a community tragedy.

Our presenters will provide practical information and advice for supporting children and teenagers in the aftermath of a tragedy. They will share information about how to talk to children about tragedy, how to engage the community, and ways to offer support throughout the grieving process.
